## Permission to take children off the premises

As part of early learning planning, the nursery will arrange local visits and walks in the neighbourhood to support children's knowledge, understanding and experiences. For example, they could learn about different kinds of food and cooking ingredients during a trip to a supermarket or collect objects of interest for a collage or table display during a walk in the park. For your child to take part in such activities we require written permission from their parent(s). All outings away from the nursery will be assessed to identify risks and measures will be put in place to ensure children, staff and assistants are safe during their time away from the nursery (please refer to our visits and outings policy).

Adult to child ratios will be higher than normal on these occasions and we would welcome and appreciate any parents who would feel able to accompany us on short walks and trips. Please note that separate letters and permission slips will be sent out for visits and trips further afield.

## **Behaviour Management**

We have a behaviour management policy, which we work to; parents are requested to read this. Children are encouraged to learn to share and care for others, and to develop problem solving skills; this is discussed and reinforced with the children. Adult handling of behaviour is consistent, and any unwanted behaviour will be managed fairly and with a quiet and firm manner. All incidents requiring adult intervention will be recorded. Providing a safe environment for all the children is paramount. Bullying of others is firmly discouraged, and strategies agreed with parents to stop this. Your tolerance would be appreciated if your child is treated unkindly by another child. We are available at all times to discuss any concerns you may have.

## **English as an Additional Language**

We work with Derby Early Years & Childcare Partnership to seek and provide support for parents and children as needed.
